IOSH Managing Safely

Duration – 4 Days

Certification

IOSH Managing Safely certificate awarded upon successful completion of a 45-minute written assessment paper consisting of 20 multi-format questions and a practical assessment.

Course Overview

IOSH Managing Safely is for managers, supervisors and team leaders in any sector and any organisation. It's designed to get managers up to speed on the practical actions they need to take to handle health and safety within their teams.

Managing Safely won't turn delegates into safety experts – but it will give them the knowledge and tools to tackle the health and safety issues they're responsible for. Importantly it brings home just why health and safety is such an essential part of their job.

Course Content

Course syllabus includes:

- Introducing managing safely
- Assessing risks
- Controlling risks
- Understanding your responsibilities
- Identifying hazards
- Investigating accidents and incidents
- Measuring performance
- Protecting our environment

What the course offers

- Nationally recognised and respected certificated training for managers and supervisors delivered by a QTS trainer with experience in a variety of sectors
- No jargon approach with clear scenarios that delegates can relate to
- A range of training tools including PowerPoint, board game, quizzes and DVD's
- Peace of mind offered by training that's designed and quality controlled by the Chartered body for health and safety professionals
- Flexibility – the four day course can be delivered in slots that suit the business
- 2 key areas – health and safety and environmental basics – all covered in a single program

Other courses available on request

Courses can be delivered at your premises or at a local training venue – call for details
