IOSH Working Safely

Duration – 1 Day

Certification

IOSH Working Safely certificate or credit sized 'passport' card awarded upon successful completion of the written assessment and practical assessment.

Course Overview

Working safely is for people at any level, in any sector, needing grounding in the essentials of health and safety. Everyone at work should have an understanding of why they must 'work safely' – and this course offers exactly that.

Working safely isn't supposed to turn delegates into safety experts. It focuses on why health and safety is important, and how individuals can make a real difference to the wellbeing of themselves and others through changing their behaviour.

Course Content

Course syllabus includes:

- Introducing working safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance
- Protecting our environment

What the course offers

- Nationally recognised and respected certificated training delivered by a QTS trainer with experience in a variety of sectors
- No jargon approach with clear scenarios that delegates can relate to
- A range of training tools including PowerPoint presentation that's designed to be fun and get people fully involved plus DVD's
- A qualification that meets government guidelines for introductory health and safety training
- Peace of mind offered by training that's designed and quality controlled by the Chartered body for health and safety professionals
- Assessments built into the day's training
- 2 key areas – health and safety and environmental basics – all covered in a single program

Other courses available on request

Courses can be delivered at your premises or at a local training venue – call for details
